PRE-NURSERY

Dear Parents,

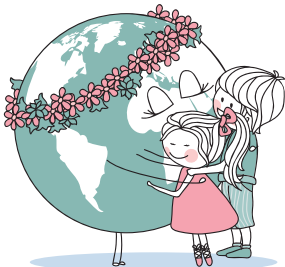

Children are the little wonders of joy. The early years of a child's life constitute the most significant period- this is the stage when the foundation is laid for the overall development of an individual. Teachers at Mother's Pride aim to nurture the talents of our little ones by inculcating life skills like confidence, leadership, courage etc. It is that time of the year when together with you we celebrate the most awaited, spectacular and mesmerizing event of the year-**Mother's Pride Annual Fest 2019-20.**

Over the next two months the concept of birds is included in the theme "Animals Around Us". Children are fascinated by animals such as birds due to their movements and particular characteristics. This theme provides multiple opportunities for children to learn concepts and skills such as " Number 9" and " Pink Colour". They engage in a lot of revision exercises based on concepts learnt so far. Along with this they practise pre-reading and pre-writing skills. These skills are essential for preparing them for reading and writing in future.
